# PUBLIC NOTICE

## PUBLIC MEETING FOR ECHO SUMMIT SIDEHILL VIADUCT REPLACEMENT PROJECT

### WHAT IS BEING PROPOSED

The California Department of Transportation proposes to replace the Echo Summit Sidehill Viaduct on U.S. Highway 50 in El Dorado County with a new single-span bridge. The project includes upgrading the existing guardrail to current standards, constructing concrete transition barriers from the new bridge rail to the upgraded guardrail, grinding the asphalt concrete at the bridge approaches and placing a smooth transition from the approaching roadway to the new bridge deck.

### WHY SHOULD YOU ATTEND?

To learn about the project alternatives, ask questions, provide input to the project team and comment on the draft environmental document. Comment cards will be provided.

The project's draft environmental document is available online at: <http://www.dot.ca.gov/dist3/departments/envinternet/envdoc.htm>
